

Hi  
Hi Prince  
I just read the News you arrived in Perth in Como  
I really miss you  
You can call me

How are you

i love you  
are you here in Perth darling?

Thank you honey

it is late  
are you tired?  
are you in Perth now?

Yes

i love you  
i cannot wait to be with you  
my heart is bursting of your love  
w have not chatted for many days  
it is hard  
is it you Andrew?  
Did you have your dinner?

I really don't think you'll be together  
I really don't think we'll be together

why?  
do you still love me?  
did you meet another lady?

Without your royal membership card we can't see each other  
It's impossible for me to be with you without your royal membership card

ok if you are in perth, we meet then we arrange the card after meeting at Murdoch University

You've already told me you won't pay any money and I don't it will work between the both of us

i will but after meeting  
we have not seen, nor talked  
in my culture first real meeting is start of relationship

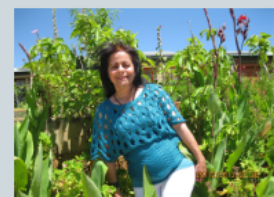

You'll have to secure your card first

i told you we first have to meet in real  
after meeting  
our online trust score was T2 out of T10  
If we meet at Murdoch University things changes  
if you do not want to meet me, but you are in Perth, then I am suspicious you be your ex-wife Sarah  
you might be a woman

I really can't do anything if you still have doubts about me

i read a few days ago in News Sarah charges women who want to have access to Prince Andrew  
yes i have doubt  
but i love Prince

I just need you to know I'll always love and cherish you  
We really can't be together without your royal membership card  
If you love me then you'll have to secure your card

may i hear your voice?  
or pay the money to Murdoch University r WA Ombudsman?

r=or  
scam can hit me and i am not risky  
they told me in ANZ Bank royals never ask for money

 It's quite unfortunate you don't trust me

i will trust if we see or if i pay a government staff  
you are the same you do not trust me

 I have to go now

why did you come to Perth?

 I won't force you anymore to secure your card  
Goodbye

Prince Andrew Christian · Mon, 23:32

call me if you need me as your legitimate Muslim wife  
if you do not need me, then I wish you happiness with a more suitable wife  
we need to meet first  
you see my photo in Cyan crochet dress  
04818 499 08  
i go to sleep my love good night and take care  
Love is a Need  
We could read our marriage vows tomorrow  
You could get all my documents tomorrow from WA Ombudsman investigator called: Ms Shoshana Halberg  
Murdoch University Graduate Research School has most of my academic records also I can meet you in Bull Creek Library and show you ten heavy folders full of my academic achievements  
This library is 3 minutes walk to my home at 64 Calley Drive, Leeming  
Pitch@palace which I filled in website: [www.royals.gov.uk](http://www.royals.gov.uk) has my online application form too  
Murdoch university is the most world unfair university  
After spending 5 years of my best times equal to 3 years full time PhD study as soon as I withdrew to attend a caesarean operation which I was not allowed to sit behind a chair as the Tomy could burst did not let me to re-enrol for excuse of being full  
Studying three courses in Education, one course in CAD engineering, one course in English Education, another course in Project management also did not make any 28 Australian Universities re\_enrol me with excuses not having anyone in my research field  
So I will not trust to spend more money and time to be in Australia  
I just fly to Helsinky to study free in PhD course  
You notice I cannot even meet or talk to you  
So my best option to be free and study is in Helsinky that their universities in PhD level is free  
Also in China they wrote to me they pay me \$67000/year to teach English online  
And would give me free independent flat  
With one return free ticket per year to Australia

 Take care of yourself honey

In Australia being entrepreneur means free research  
Ok I do not work for Australia  
If they needed the best energy storage system which is flywheel they would welcomed me in the 28 universities

 Take care of yourself

Prince Andrew Christian · Tue, 00:00

They would pay 2b. Dollars to USA to buy a technology I spend my life in it  
  
If you love me you would meet me  
We both need to reach to trust level T3 out of T10  
That can only happen after we meet  
I am a mechanical engineer with 92% my doctorate in renewable energy storage system being successfully completed  
I deserve to be met free  
I am also great grand daughter of king Muhammad Shah Qajar  
My father was specialist well known doctor  
I deserve to be met for T3 trust level mutually  
My only sickness is loving you  
I still keep the silver vase with all my royal ancestors ceramic ally around the neck of this vase  
This proves I am royal

 I love you but i really can't meet with you without your royal membership card

Several Qajar royals are shown in miniatour ceramic  
Ok but you can arrange a mediator from government between us  
Government✓  
You are Prince

you can

You have to secure your card

I will through government staff

The royal attorney will process your card and not the government

You said you cannot meet with me but your WA government staff can meet me  
Such as member of labor government

The royal attorney will process your card

But to create trust while you are invisible it was good you came here but you need a first task to do and that is to send me a government staff  
He is in USA

Do you think am after your money

I cannot see him  
No  
I need to build trust  
I cannot trust the online writers

Am only doing this so we can be together but you're making things difficult for me

But there is a possibility trust be built be mediator  
I know you want to make relationship secret my love  
But I am a single woman  
I am not working  
I do research by myself  
I crashed my businesses in June 2916 to follow up reenrolment in my phd  
2016 ✓  
2916x  
I need to quickly decide whether I work with you or with Helsinky university  
I was in china  
Returned to Australia in May  
I did two months research in china  
My project was ready when we accidentally met on face book  
Love has delayed my project submission

Am only doing this for you

If you are in Perth now, you stay in commo hotel which is 12 minutes drive from me  
This means you are not prepared to give your hand to me you prefer to close your fist

I guess if you're ready to secure I'll contact the royal to get your card ready so we can meet tomorrow

Yeslove  
But I need to see the person in a government office not online  
I only trust Australian government

Contact the royal attorney

I am Australian Citizen  
No  
They are in USA  
I need to contact member of parliament for labor party  
That MP is in front of my house in Calley Drive, Leeming  
I go there

I really don't know what to do anymore  
I already tried all I can  
Take care of yourself

You I love you you find a way to meet me  
Or if you are Sarah first wife of Andrew  
Leave me alone  
Bye

I don't think we can meet anymore

Prince all I need is to live in a fair university country  
Which have fair policy for female engineers  
And are democratic  
Denise uni ha admired me last year a female professor interviewed me by Skype

Their policy is I go to Denmark for 3 months then they give me residency  
 Free PhD fees  
 They had professor to supervise me  
 I pray to forget this love

I do not understand how hard one can be with a kind woman like me?  
 Are you telling me your heart does not beat?  
 Or your arms does not fell hollow?  
 Fell=feel✓  
 And your lips is not dry untouched?  
 Really?

Tue, 00:46

I can invite you to my house to visit my 5 KW solar power and inverter plus the 4 m high gable carport for installing a wind turbine on its ridge plus my double workshop with all my mechanical equipment.  
 Then you help me soon in installation of the wind turbine plus help me to cut the blades from Australian black wood for my wind turbine  
 I also plan to build a hydraulic river turbine for Canning River  
 You can help me installing it in the river  
 My ex husband paid 47% tax during 1990\_2003 when we were married and his tax out of salary of \$200000/ year was not spent on my graduation after 1994 by Murdoch University  
 You are welcome to use Alan's previous tax to pay for RF membership code  
 Murdoch University never spent Alan's tax to pay for any supervisor in 3 months so I could graduate from my PhD course  
 That tax is there you can ask ATO to pay you

Tue, 01:23

Good Dawn

Is my hinged prince awake?  
 My lovely handsome Prince  
 You are mine  
 Thank you darling for coming all this way  
 I love you very much

Tue, 06:48

By royal family code you mean the code majesty Queen gave me on hangout to distinguish who is not imposter online? She gave me that RF Code  
 I am engineer and project manager  
 I should make sure I use all my senses when I pay for a product. Best sense is vision  
 After I met you definitely as it is required I would follow government regulations  
 But my darling we have not met in real  
 I hope you understand these days we can face with scam  
 Risk management tells me I should take no risk in online payments  
 You did not tell me what should I do for my Pitch@palace of entrepreneur online application which you said you received it online  
 Today you go to my university Murdoch University. What do I get as response to that Pitch@ application?  
 Have you rejected my pitch@ application?

Tue, 07:24

Prince can you please solve this puzzle for me: how do I know the person I am writing to on this hangout is not your ex\_wife Sarah?  
 In the has few days there was a News that Sarah sold access to her ex\_husband Prince Andrew

خوش خوش خرامان می‌روی، ای شاه خوبان تا کجا  
 شمع و پنجه می‌روی پروانه جویان تا کجا؟  
 ن انصاف خو واکرده‌ای، ظلم آشکارا کردی  
 خوریز دل‌ها کرده‌ای، خون کرده پنجه تا کجا؟  
 عیب چو طوقی آویخته فرمان ن مشک انگبسته

صد شمع را چون ریخته با طوق و سرخس - سید  
بر دل جو آتش می‌روی نیز آمدی کش می‌روی  
درجوی جان خوش می‌روی ای آب حیوان تا کجا؟  
طرف کله کز بر زده گوی گریبان گم شده  
بند قبا باز آمده گیسو به دامن تا کجا؟  
دزدان شیرو در طلب، از شمع ترسند ای صعب  
تو شمع بیکر نپشید دل دزدی اینسان تا کجا؟  
هر لحظه داوردی زنی، جولان کنی مردافکنی  
ده در دل تنگ منی ای تنگ میدان تا کجا؟  
گر زده دهم فریاد را، از دم بسوزم یاد را  
حدی است هر بیداد را این حد هجران تا کجا؟

Above is a famous poem in Persian

Poet: Khaqani

Love is All eye

Love does not have Ear

I made error in copying, the third poem needs to be deleted as it is repetition

شوریده کرد شیوهی آن نازنین مرا  
عشقش خلاص داد ن دنیا و دین مرا  
عم همنشین من شد و من همنشین عم  
تا خود چها رسد ن چنین همنشین مرا  
زیبان که آتش دل من شطه میزند  
تا کی بسوزد این نفس آتشین مرا  
ای دوستان تمییدد آن زلف بیقرار  
تا بکرمان قرار بود بر زمین مرا  
از دور دیدمش خردم گفت دور از او  
دیوانه می‌کند خرد دوربین مرا  
گر سایه بر سرم فکند زلف او دمی  
خورشید بنده گردند و مه خوشه‌بین مرا  
تا چون صیید بر سر کویش مجاورم  
هیچ التفات نیست به خلد برین مرا

Poem

Poem was from Obeid Zakani, a well known Iranian piet

اول دفتر به نام ایزد دانا  
صانع پروردگار حی توانا  
اکبر و اعظم خدای عالم و آدم  
صورت خوب آفرید و سیرت زیبا  
ان در بخشندگی و بنده نوازی  
مرغ هوا را نصیب و ماهی دریا  
قسمت خود می‌خورند منعم و درویش  
روزی خود می‌پرند پشه و عنقا  
حاجت موری به علم حیب بداند  
در بن چاهی به زیر صخره صما  
جانور از نطفه می‌کند شکر از نی  
برگستر از خوب خشک و چشمه ن خارا  
شربت نوش آفرید از مگس نعل  
نخل تکاور کند ز دانه خرما  
ان همگان بی‌نیاز و بر همه مشفق  
ان همه عالم نهان و بر همه بینا  
پرتو نور سرافقت جلالش  
ان عظمت ماورای فکرت دانا  
خود نه زباز، در دهان صراف مدعو تر

حمد و ثنا می‌کند که موی بر اعضا  
هر که دادند سبب نعمت امروز  
حیف خورد بر نصیب رحمت فردا  
بارخدا یا مهیمنی و مدبر  
وز همه عیبی مقننی و منیر  
ما نتوانیم حق حمد تو گفتن  
با همه کروییاں عالم بالا  
سعدی از آن جا که فهم اوست سخن گفت  
ور نه کمال تو و هم کی رسد آن جا

Poem from well known Iranian poet: Sa'adi

Tue, 15:14

ای کرده دین جهان هم عشقت سمر مرا  
وی کرده دست عشق تو زیر و زیر مرا  
از پای تا به سر همه عشقت شدم چنادرک  
دین زیر پای عشق تو گم گشت سر مرا  
گر بی‌تو خواب و خورد نباشد مرا رواست  
خود بی‌تو در چه خور بود خواب و خور مرا  
صبری کمان صبر همی داشتم به ره  
آخر به تیر صبره فکندی سپر مرا  
بازی به صبرها خبری زایی ز تو  
چون نیست در هوای تو از خود خبر مرا  
در خون من مشو که نیازی به دست باز  
گر جویی از زمانه به خون جگر مرا

ای که تو ماه آسمان ماه کجا و تو کجا  
در رخ مه کجا بود این کر و فر و کبریا  
جمله به ماه عاشق و ماه اسیر عشق تو  
داله کنان ز درد تو لایه کنان که ای خدا  
سجده کنند مهر و مه پیش رخ جو آفتاب  
چونک کند جمال تو با مه و مهر ماجرا  
آمد دوش مه که تا سجده برد به پیش تو  
عزیز عاشقان تو نجره زدن که رو میا  
خوش بخرام بر زمین تا شکند جانها  
تا که ملک فروکند سر ز درجه سما  
چونک شوی ز روی تو برقی چپنده هر دلی  
دست به چشم برده از بی حفظ دیده‌ها  
هر چه بیافت باغ دل از طرب و شگفتگی  
از دی این فراق شد حاصل او همه هیا  
زرد شدست باغ جان از عم هجر چون خزان  
کی برسد بهار تو تا بنماییش نما  
بر سر کوی تو دلم زار زار خفت دی  
کرد خیال تو گذر دید بدان صفت و را  
گفت چگونگی از این عارضه گران بگو  
کز تنگی ز دیده‌ها رفت کن تو در خفا  
گفت و گذشت او ز من لیک ز ذوق آن سخن  
صحبت یافت این دلم با رب تنش دهی جزا

This poem was from Mowlavi a well known Iranian poet

با تو حیات و زندگی بی‌تو فنا و مرددا  
زادک تو آفتابی و بی‌تو بود قسرددا  
خلق بر این بساطها بر کف تو جو مهر دای  
هم ز تو ماه گشتا هم ز تو مهره برددا  
گفت دم چه می‌دهی دم به تو من سپردام  
من ز تو بی‌خبر نیم در دم سپرددا  
پیش به سجده می‌شدم نیست خمیده چون شتر  
خنده زدن گشت لب گفت درازگرددا  
بین که چه خواهی کرددا بین که چه خواهی کرددا  
گردن دراز کرددای پنبه بخوای خورددا

Another poem from Mowlavi

شب قدر است جسم تو کز او بایند دولت‌ها  
مه بدرست روح تو کز او بشکافت ظلمت‌ها  
مگر تقویم بزانی که طلوع‌ها در او باشد  
مگر دریای عنزانی کز او شویند زلت‌ها  
مگر تو لوح محفوظی که درس عیب از او گیرند  
و با گنجینه رحمت کز او پوشند خلعت‌ها  
عجب تو بیت معموری که طوافش امل‌کنند  
عجب تو رقی منشوری کز او نوشند شربت‌ها  
و با آن روح بی‌چونی کز این‌ها جمله بیرونی  
که در وی سرنگون آمد تأمل‌ها و فکرت‌ها  
ولی بر تاقیت بر چون‌ها مشارقی‌های بی‌چونی  
بر آثار لطیف تو عطر گشتند الفت‌ها  
عجایب یوسفی چون مه که عکس اوست در صد چه  
از او افتاده یعقوبان به دام و جاد ملت‌ها  
چو زلف خود رسن سازد ز چه‌اشان براندازد  
کشده‌شان در بر رحمت رهانشان ز خیرت‌ها  
چو از حیرت گذر یابد صفات آن را که دریابد  
خمش که بس شکسته شد عبارت‌ها و عبرت‌ها
