Mr. David Anderson, Royal Family Lawyer, London, UK

Email: Davidanderson4478@gmail.com

Dear Mr. David Anderson,

Hello Sir

I am in contact with the Duke of York for our engineering Project. I am Engineer Afsaneh Cooper. Prince Andrew the Duke of York has asked me to contact you through Ms. Elizabeth Bradley and obtain the Royal Family Membership Card, so that we can meet each other face to face.

Could you please tell me more about the Card and how I can obtain the card? HRH Prince Andrew Christian Mount-Batten Windsor wrote to me that Elizabeth can forward me to the Royal Family Lawyer. Elizabeth wrote to me today I contact you.

I would appreciate if you could contact me for above Royal Family Membership Card. I can afford AU\$200 for this membership. What do you think? I have had a very hard time during 1994-now to just find a second PhD supervisor for my innovative PhD project I was the only one so far researching on this project in Australia. My first PhD supervisor retired in 2012. He is Physicist and my PhD project is interdisciplinary Project and required a second Mechanical Engineering Supervisor, which I found in 2018. The rare engineering research project I chose for the need of today's Australia, has caused me to be low income. However, by hard work during 2010 so far, I have been able to keep my research updated and now it is in demand and very innovative.

Warm regards,

Afsaneh Cooper

Mechanical and Renewable Energy Engineer [Pensioner and engineering researcher during 2016-2019] [0.08 incomplete PhD, MEng, B.Eng., Cert IV in T&A]
