Afsaneh Cooper:

Dear Lawyer David Anderson {of "Address: 1 Embankment Place, London, WC2N 6RH, England" in Company: PWC LLP, Tel: +44 2 07 212 1616}
I have written a Template which is attached to this email . "The columns A, B, with rows 9-14" in this worksheet can be filled with your Bank Information. Please make sure Address of the Account Holder, Telephone Number of the Account Holder, and Account Holder Name, BSB of the Bank, Account Number and more information are all there. Bank in Australia is very accurate and your lack of information would make this payment very hard to pass trough. Therefore the attached Template shows roughly what is needed. You can cross all names except Prince Andrew and My name. However the best is to leave all names there. You are welcome to do it your way if you think your way of presenting information about this payment is best.

Yours sincerely
Engineer Afsaneh Cooper

Dear Mr David Anderson
Could you please write to me \$500 is in Australian Dollar or not? If not which currency is \$?

Okay madam it's Sunday here in London:and i want you to know that the royal agent in your country is out of the country. So i will forward you the account information of the royal agent in USA so you can make the payment! 500\$ USA Dollar!

E19

Afsaneh Cooper:

Dear Mr David Anderson
Please make sure your information about payment is accepted by ANZ Bank in Australia, as I wrote before this US\$500=AU\$750 should be paid through ANZ Bank or Master Card [Post office]. Information being doggy they would reject to send. Please send me correct and enough information about payment for the Royal Family Membership, as Quality and Quantity of Information is the criteria for Quality Payment through ANZ Bank.
Example of a **low quantity** payment information:

Bank:....
Account:...
Account holder:....
No email address or no phone number or no address for the account holder

Outcome: Low Quantity Payment Information

Example of a **low quality** payment information:

Bank:....
Account:...
Account holder:....
Email of the Lawyer is sent to Afsaneh Cooper from a **gmail Account** and not from an official Lawyer email address such as: david.anderson@pwc.com
I hope you understand we live in 2019 when project management is practiced in ANZ Bank in Australia. Managers would be sued if they accept to do a payment which lacks quality and quantity assurance. That is why I sent you the template for payment.
Yours sincerely

If you write by hand in columns A-B, Rows 9-14 all information I asked you for the payment, you make sure a successful Task 3, otherwise you would be wasting 5 people's times with a failed project at ANZ Bank. Your second option would be you write whatever you want for payment information by email only. I would pay the amount in two lots in two days of Monday, and Tuesday.

Hello madam why was the payment not made i sent you all information you for the payment?

E25

Afsaneh Cooper:

Quality Control for Task 3-payment 1 - Quality Assurance for Task 3-payment 2 to avoid bank fees.

Dear Lawyer David ANZ Staff did not trust your email for the following reasons:

1. You did not send the email to me from a company email. All Australian lawyer have a company or sole trader ABN Associated to a professional email. Gmail is free, ANZ Staff cannot waste their time on free emails as it costs them money if those people are not genuine and they ran away with false identifications. Gmail also has business email. Mine is professional: learning@ewindfly.net
2. You wrote a routing ID for the beneficiary [Account name] which had one digit less.
3. You pretended the beneficiary lives in Georgia country, by not writing USA in the address of Account name as the country your beneficiary lives.
4. You rejected to write your beneficiary data in the same template which you received for our project in engineering, meaning you cannot trust I am an engineer. My profession and role in the project and roles of other stakeholders involved are also written in that template. So you did not want to acknowledge that the intention for this payment is engineering project to be done by Prince Andrew and me Afsaneh Cooper both being engineers.
5. You judged the reason I asked you Prince Andrew had told me I should only pay AU\$200 for membership of Royal Family is that I cannot afford to pay your beneficiary and impolitely replied I cannot be considered.

I am waiting you read all email exchanged between us accurately and repair you above mistake. specially your errors 1-3 above. I should receive this email from you including correct data which were not provided to me professionally as my daughter who is also a highly educated lawyer working in Australia, would do. I also need to audit your work to see if you provide me with the receipt for payment 1 made to your beneficiary in GA, USA yesterday. Prince Andrew received that receipt. Please see attached file for the receipt of payment 1 and all pages involved in IMT [International Money Transfer].

I am waiting to receive the following items from you by tomorrow midnight as at 11 am I have an appointment with IMT team at ANZ to work on payment 2. That payment would be focused on **correct payment upon all policies Australian Authorities have issued for ANZ** to protect their customers [me] and ANZ Banking System of bed deeds. I am waiting you receive my career details verbally from HRH Prince Andrew and send me your updated correct email to me with attached letter written on top of it your business email, where ANZ staff can identify you as a person you introduced yourself to me. Also the Routing Number in previous email was incorrect. ANZ staff had to investigate their own and become suspicious. Country of beneficiary should be what you wrote to me USA, you should not let your clients do search to find bits and pieces of the address of the account name. USA should be written in the address.

Please trouble shoot all errors in previous account email and send me a high quality email.

Please find attached IMT Policies and receipt for my payment 1. Payment 2 would start at 11 am with your new email to me to pay AU\$499 to agent of Royal family by method of IMT at ANZ Bank.

Post office does not accept to transfer money internationally through Travel card Master card I bought at Australia post. That card is only for online purchases. ANZ has office or correspondents in USA whom they can investigate my payment 2. Please do not cost them fees.

Yours Sincerely

Engr Afsaneh Cooper

Receipt for payment 1 has not reached to me

Dear Lawyer David Anderson

I asked you to read the last 4 emails we exchanged. You did not read them. Could you please respond to the following questions as soon as you read this email:

Q1. Has agent of Royal Family received my payment 1 from ANZ Bank which you received the receipt of my payment?

Q2. Payment 1 by 4 pm Perth time which is you 8 am of Nov 13 should have been received by RE Agent in USA. Could you please ask that agent to send me the receipt for that payment. ANZ Bank requires that payment receipt be viewed by them.

Q3. You told HRH Prince Andrew Mount - Batten Windsor that the Routing Number for the account of the RF Agent in US was correct. Could you please double check that routing number, as I wrote you before the ANZ Staff responsible for my first payment told me at the phone that the routing number had one digit less.

Q4. Please confirm that the RF Agent lives in USA and not in Georgia Country.

I would leave home in 9 hours from now to go to my ANZ Bank to meet with two staff for payment 2, but you have not done your work for above 4 answers to 4 questions required for payment 2.

I need the scan of the receipt to make sure the first payment was done correctly.

What is your mobile number so I call you tomorrow if there was problems?

Dear Lawyer David Anderson

Hello

Upon your instruction today between 3-4:30 PM I attended ANZ Bank in Gate Way Shopping Centre, Cockburn in Perth, Australia. The matter of Routing No. having one digit less had a story: ANZ Has longer digits cells to save such number. Since the number you provided for routing number did not fill all cells in ANZ system, they considered it error. Jason from IMT department said this. However he acknowledged that the routing number could be correct. They do not have routing number in Australia.

I paid with method IMT [International Money Transfer] the amount of US\$500 to the Royal Family agent in GA, USA upon the same email you wrote this week. This payment was made between 3:30-4:30 pm Perth time. So you would expect to reach to USA 48 hours after the payment was made plus any weekend days in USA. So the latest they get it would be Monday 4 pm Perth time which is about 4 am next Monday.

Attached are two payment slips worth US\$501 + AU\$21 [Bank Fees paid to ANZ].

ANZ Staff Jason asked me the intention for this payment, I answered "we have an engineering project".

You can see our engineering project and project sponsors in attached pdf file too. Please see attached file: Project_payment for RF Membership.

Yours Sincerely

My Pictures for the Cards: RF and Pitch@palace...2

Dear Lawyer David Anderson

Hi

Eventually I was able to take a correct Passport Photo after taking photo in two photography store. The first photographer had not set her camera also was not aware that passport photo should not include any expression should be neutral expression. So that photo was discarded by Australia post. Australia post staff took the correct photo which had neutral expression and also the camera was set up for quality photo. My extended passport application was lodged fully at the Australia post in Myaree, Perth today. They said it is ready in 25 days.

I also took some pictures using random people with my own camera focusing on my face today.

These are pics # 1-4. Therefore I sorted the pictures based on their qualities for the RF Card or Pitch@palace card. Pictures 1-4 has not been seen by Prince Andrew as yet, as I just reached home. After I sent these pictures to him tonight, and he decided which ones are better, you are welcome to start making a correct RF Card for me. Otherwise he chose Picture 5.

Please focus on providing me with two receipts that your agent has received my payment 1 and 2.

Q2) What did your wife say about my web page sent to you yesterday for meditation, prayer? Is she open minded about praying differently? Does she want to pray in latest true religion of God method? She can try...Remember a 38 years old child care manager in Leinster, WA, Australia who committed to convert and God gave her a child otherwise she had never got while she was married since her 28's age for ten years...She got her child 3 months after she committed herself...she met me while she was pregnant for second time in a coffee shop in Leinster, she said she still has what she wrote as her commitment in her calendar and she has converted to Shi'a Islam..

I hope your wife finds it convenient to have her child with different but better true religion which is not polluted in political environment in the last 2020 years!

Receipt for Afsaneh Cooper's payment has not received

Dear Lawyer Anderson

I sent you several emails so far reminding you that you owe me receipt for my payments to Royal Family Agent in Georgia - US. You ignored all my requests. Yesterday on Viber messenger you wrote my Royal Family Membership Card is ready and I would receive in through Royal Courier by December 13, 2019.

You also know Pitch@Palace...Program was cancelled by Prince Charles. Since that program includes three of my Engineering projects applications this simply means I should not focus on those three Pitch@palace applications I have as so far no one has responded to those three applications to me. Therefore please ignore that project in the air...I have a very good project in Rail Car from December 12, 2018 by an Australian manufacturing company to follow also my deferred small business from Sept 10, 2019 so far was updated by me yesterday at ATO website.

Focusing on just the payments you received so far from me for Royal Family Membership, is the way to go.

To remove the 100% risk for this RF Membership to fail, please forward me the payment receipts which RF Agent has received from me. This receipt shows your law firm is authentic and is not scam. I am also planning to post a registered letter to the Duke of York Prince Andrew tomorrow. This is also to make sure Mobile number: +44 7869 634347 is a real mobile number of HRH Prince Andrew and during the period I and you [David Anderson] we were corresponding by email this mobile number has always been used by Prince Andrew and not by scams.
