To Whom It May Concern

This is to certify that Afsaneh Cooper was enrolled to study for the PhD at Murdoch University. She consumed 2.75 EFTSL during her enrolment and did not complete her studies. She withdrew in October 1994. The record shows that her withdrawal was voluntary.

Subsequently, Afsaneh requested to resume her PhD studies, however she could not be readmitted to the University as adequate supervision was no longer available for her area of research.

Should you have any queries regarding this please don't hesitate to contact me.

Yours faithfully
