Dear Mr **Paul Cvejic** | Compliance Coordinator

Hi

I wrote to you that Face Book User Name: **hrhthedukeofyork** was recorded on website: <http://www.royal.gov.uk> for the official face book of the duke of York. the only difference between the User Name of **Ref#15 row in table: 1a.Scamnet\_d3** and above Face Book User name is Face Book User Name **Hrhthedukeofyork** has an upper case "H" and the first User Name as lower case "h". You wrote:

*"References 1, 2, 3, 4, 5, 6, 7, 8, 13, 14, 15, 16 and 17 ARE SCAMMERS and you should cease immediate contact with these profiles."*

Could you please print attached table: **1a.Scamnet\_d3.pdf** and check in its page 2, printed on landscape orientation, row Rf.# 15 that **Amanda Thirsk** wrote her name and replied to me she is not allowed to give out official email of the duke of York, she is his PA but only gave me the duke of York gmail which I wrote in Row Ref.# 16 as **princeandrewedwardyork@gmail.com**

**Q1.** Have you read pages 3-5 items I wrote in attached file in details? Could you please read the previous and present title of Amanda Thirsk at the duke of York: since 2012 so far she was Private secretary of the duke of York after Car Crash interview of the duke of York in the last month This Amanda Thirsk was sacked from private secretary position then promoted to Chief of Staff who also cares for Community initiative applications under the duke of York. Are you saying Amanda Thirsk is a scammer? Then try to undermine her position. May be she also sent the first few messages on official Instagram of the duke of York to me with mails to go and chat WITH E ON HANGOUT? with logo of duke of York which is a round grey ribbon from Instagram under names early in third and 4th weeks of September. I would have a second meeting with you to go together through hangout and Instagram accounts which all carry the logo of the duke of York a grey ribbon.

**Q2.** The gmail which Amanda Thirsk gave me on Face Book responded and I asked for full name of that person, he wrote: "Andrew Albert Christian Edward". Please see row: RF.# 16 of attached table. I asked from that gmail owner to send me his mobile to add to my WhatsApp and chat with him, he replied from same gmail: **princeandrewedwardyork@gmail.com** and sent me mobile: +44 7723 540

872 and I had a long chat with him yesterday. I would upload the chat logs on face book with Amanda and the chat log on WhatsApp with this prince also the chat log with Ref.# 13 row: official\_chatting\_account\_\_ I studied gmail for business. One can have 100 gmail aliases linked to his business gmail account. Since I have yahoo small business account I can have up to 100 yahoo aliases linked to my elearning@ewindfly.net yahoo small business account. Please check with gmail who is the account holder for all these similar aliases under the Duke of York names? As this Prince Andrew chat log shows he considers the staff or fans of him did fraud using her profile on face book and on gmail. He meant they hacked his emails. I also read a news from royal reporter on msn saying several mobile numbers of prince Andrew was found in the hands of every one and police found them in notes of Epstein office. I would try to come to your office and spend another day making the attached table longer by finding other profiles I chatted all with aliases as prince Andrew. If I block them, all my chat logs would disappear.

I would turn the knob off for transmission of notifications with these scammars on hangout so I can copy and past my chat logs with them. Specially with Amanda Thirsk, Rosemary Brenhov, and Andrew Albert Christian Edward [recent ones] and would put them on same web page you have access code to it.

**Note:** Please type **EBOT31314** in seach box of <http://www.ewindfly.net> to see our common River Turbine Archive web page. Before the code only included 313 but I changed it to 31314 as **Andrew Albert Christian Edward** did not my come on WhatsApp half a day to respond to my 9 questions about my pitch@palace application. but he came after he received my email. I would put attached file to that web page after this email finished.

I wait in three days and would visit ANZ Bank on this Friday for lodging a claim if I can recover my AU\$775. bY December 13, I would send two letters to Prince Andrew and HM Queen briefly explaining and sending them the chat logs.

Please find attached table for above information to access. I called you today and tomorrow but you were not at your desk.

Yours Sincerely

Engr Afsaneh Cooper

Dear Ms Cooper

Thank you for confirming how to access the documents. I have read through them all and I can see you have been chatting with a number of scam accounts pretending to be the royal family. This includes the chat found here - [http://www.ewindfly.net/uploads/1/1/9/0/11905570/hrhthedukeofyork\\_fb\\_sms\\_dec12.pdf](http://www.ewindfly.net/uploads/1/1/9/0/11905570/hrhthedukeofyork_fb_sms_dec12.pdf), which I believe is who you think is Amanda Thirsk. To be clear – it is **NOT THE PA FOR THE DUKE OF YORK** or the **official DUKE OF YORK Facebook page**.

As I stated in my last email to you, I read the document you attached and I responded to your request to advise which of those profiles is a scammer. I also

**To be absolutely clear:**

1. Any chat you are having with a Royal Family member on the **GOOGLE HANGOUTS** application is a **SCAMMER**
2. Any chat you are having with a Royal Family member on the **WHATSAPP** application is a **SCAMMER**
3. Any chat you are having with a Royal Family member on **social media with a profile that does not have a blue verification tick** is a **SCAMMER**
4. Any email you have exchanged with a Royal Family member through a **GMAIL ACCOUNT (@gmail.com)** is a **SCAMMER**

**REPORT, BLOCK AND DELETE THE PROFILES/ACCOUNTS ON THESE APPLICATIONS IMMEDIATELY.**

I would recommend printing this out this email and referring to it so that you can continue to remind yourself of the fact that you are speaking to scammers who have setup fake profiles and are trying to defraud you of your money. If you need assistance in printing this email, you can search for instructions online for specifics to the printer and application you are using.

We are also taking steps to attempt to have these fake profiles removed from social media.

After our meeting you stated you would be contacting ANZ if you did not receive the card, I highly recommend you do this ASAP.

Kind regards

Dear Ms Cooper

As discussed in our meeting on Friday, all communication you have had with any person/s claiming to be part of the Royal Family via Whatsapp, Hangouts or a @gmail.com email address is a scammer. Any communication you are having with a member of the Royal Family that is NOT through a social media page that does not include the blue verification tick is a scammer.

From the list you have provided me, I am confident to say that:

- References 1, 2, 3, 4, 5, 6, 7, 8, 13, 14, 15, 16 and 17 **ARE SCAMMERS** and you should cease immediate contact with these profiles.
- References 9 to 12 are your contact information.

The official Duke of York Facebook page is - <https://www.facebook.com/hrhthedukeofyork/>.

Having read the rest of this document you have attached – I wish to clarify that I DID NOT state that the Royal Family Membership should be free. I stated **the Royal Family Membership does not exist** which is why you should not have paid for it. This is something the scammers have made up to defraud you of your money. As you can see, they are making up the price of this “membership” and will no doubt continue asking you for more funds.

Can you also confirm how to access the additional emails you have placed on your website? We followed your detailed instructions and entered “EBOT313” into the search bar on your website but this did not provide any results so we could not access the “River Turbine Archive” which contained the emails and information we are looking for.

Hello

Hereby please find attached amended file for table of identity of my stakeholders. Could you please look at the pink and red high lighted cells in which scam data are recorded. Please make all rows of this attached table scam test so I know to which cell I can trust as a true person identity online. Also at the bottom of the table I wrote further information for your research so you can do your work easier.

The added information to the previous similar document has changed the name of the file to: **1a. Scamnet\_doc3.pdf**

Now as we go things become easier to understand. I need all rows and columns be scam proof not just a few of them you told me last Friday. Please not I reported this matter to:

<http://www.actionfraud.police.uk> which once I saw their information on the duke of York website after I warned them of scams on social media trying to impersonate the duke of York Prince Andrew. But that office did not respond with quantitative quality reply to me due to lack of expertise in scam netting. They only commented on mobile phone of Prince Andrew which was true and not to other information I requested. This lack of scam netting quality service caused delay in meeting the Prince Andrew from Oct 1 to now almost 2.5 months delay in our meeting. Scammers wasted our

time for River Turbine Project by role playing for more exciting meeting creation with much cost not required for just a turbine.

Could you please read the attached file and get back to me with correct data or saying which email addresses are scam?

Dear Paul

---

Please note that the last scam gmail given to me by Scam Amanda Thirsk on unverified FB Profile of the duke of York, wrote to me about **RF.# 16-17 ROW in table: 1a. Scamnet\_doc3**. The first WhatsApp message I received from him has some earned lessons about scams as follows:

**1.** My messages on WhatsApp to **Ref.#17** started at 10:26 am on Sunday, 8 Dec, my last message about the topic: "have you received my three Pitch@palace Applications" ended at 20:50 Perth time the same day. In 10:30 hours Scam Andrew Albert Christian in **Ref.#17** had to respond to my 10 Questions about Engineering applications took over ten hours to be answered by him "How are you?" when it was 22:43 Perth time. 12:43 hours it took him to give me one sms that I see two blue ticks some one is there on WhatsApp. 22:43 = 15:43 London time. 20:50 = 13:50 London Time. 10:26 = 3:26 London Time. Therefore Andrew A.C.E. delayed answering my sms between 9 am his time to 3:43 pm his time. There is a change in Andrew's situation since then, he was not allowed to go to church any more but he went last Sunday, he was not allowed to run Pitch@palace any more now he can there were a lot of events on twitter today showing pitch@palace is opened. They had closed it as Amanda Thirsk had advised Andrew to let BBC has interview with him, then people started slandering him on social media. Amanda was found the cause of the slander creation and poor advise as private secretary then, she was promoted to chief of staff though as dispute about him was agreeable by Andrew. The mobile phone which received my messages during 3:26 am-1:50 pm London time, was different from the mobile phone which sent me the first Andrew's message at 3:43 pm London time. Or Andrew who knew I was going to send him sms and had sent me email about his WharsApp mobile number did not use WhatsApp very often

instead used hangouts, tried to install WhatsApp on his phone so he could chat with me. Perhaps charge his phone as well. In both cases security code of his phone would change. That long delay made me to change my access code from EBOT313 TO ebot31314. That you noticed.

2. Seeing messages on my mobile attached file shows a change in security code had happened at that side **"Andrew Albert Christioan Edward's security code changed. Tap for ore info."** tapping on my mobile screen showed, either the mobile phone of Andrew A.C.E. had swapped with another mobile, or the application WhatsApp was uninstalled and installed again on same mobile. Security code on WhatsApp is a new thing like a QR scan on place you meet that person. Security code change means a very long number is not the same before the alerting message to me. Why?

3. Andrew A.C.E. wrote the following relevant information on his WhatsApp for me:

**2:45 hrs:min chat with Andrew Albert Christian Edward on WhatsApp [only some sms of Andrew A.C.E. are listed below**

**Start Time: Time: 10:43 pm, Sunday Dec 8, 2019, Perth time:**

- a. The hangout must have been compromised by hackers and scammers
- b. I don't use hangout
- c. My email must have been cloned
- d. That is very wrong of those people
- e. Hope they did not hurt you?
- f. I am working to bring down all these fake profiles with various social media platforms
- g. seems there was a compromise of my profile
- h. **Post everything**
- l. This is a serious case
- j. Has to be investigated
- k. **We can talk without payment**
- l. **The royal card is for the foundation**
- m. **It hurts that you have lost much**
